***How can new
technology can better
support patients?***

Meeting of Minds 4

– AGENDA –

#CS_AIW

The **4th Meeting of Minds** event aims to **engage with patients** to gather important **feedback** on how **new technologies can be of better support**. Cluster project members will present their projects, their future work intent and will seek **patient feedback in support** while **demonstrating their platforms**.

It will take place **online** on **February 23rd, 2022**, from **10 to 17 CET** and will continue on **February 24th** from **10 to 15 CET**.
